Once again, the chill winds of the autumn are signalling the demise of the living green and gold comforts of another hot summer. The frosts of the early morning are seeping into the soft brown earth that was, only yesterday, moistened by the sweet, fragrant rains and warmed by the summer sun. The animals of the forest are shedding their sheer, lustrous hair and growing thick pelts of fur that will offer protection from the icy winter winds and snow.

It is at this darker time of the year, when we, once again, turn in reverence and remember our brothers and sisters, fallen in two World Wars; giving the supreme gift in their efforts to protect us, one and all, against aggression and persecution.

All too often, we, in Dorchester, accept a holiday solely as a sign of additional recreational activities or a change in the dinner menu; little thinking and, unfortunately, little caring about the significance of this change in routine. However, the fact that we care in prison in no way decreases our debt to these brave people who laid down their lives to ensure the preservation of our basic heritage. In actual fact, the observance of this day should serve to bring into sharper focus the value of the freedom we have forfeited.

We should face this day with regret; regret at the terrible tolls extracted by man's follies. Paradoxically, we should face this day with joy; joy, in the witnessing of man's capacity to love his fel-

low man beyond all limitations and to demonstrate this love with the most unselfish of acts; the sacrificing of his life.

We cannot believe that it was strictly self-survival that prompted these men to reach their grave decisions. If that were of the greatest importance, then remaining passive, obedient and unresisting to the invader may very well ensure that one may survive, regardless of how uncomfortable and humiliating that life of servitude may be. No, we feel that it was the love, trust and warmth of the relationship between a husband and wife; parent and child; the wonderful look of innocence and trust on the face of a youngster, as he turns to a parent for love and understanding. The knowledge that this way of life must be protected, regardless of cost, accounted for this transition of Man to Protector--- Protector to Saint.

In these days, when history may repeat itself and there are black, war-like clouds on our horizon, we must search our memories for sacred mementoes of these departed fathers and sons, brothers, uncles and friends. We must not compound the tragedies of this twentieth century; we must Remember and Remember always; LEST WE FORGET.....

Grumble Corner

&

Thanksgiving Street

I knew a man whose name was Horner,
Who used to live on Grumble Corner;
Grumble Corner, in Cross-patch Town,
And he was never seen without a frown.
He grumbled at this and he grumbled
at that;
He growled at the dog and he growled
at the cat;
He grumbled at morning and he grumbled
at night,
And to grumble and growl were his chief
delight.

He grumbled so much at his wife that she
Began to grumble as well as he.
And all the children, wherever they went,
Reflected their parent's discontent.
If the sky were dark, and betokened
of ran,
Then Mr. Horner was sure to complain,
And if there was never a cloud about,
He'd grumble because of the threatened
drought.

His meals were never to suit his taste,
He grumbled at having to eat in haste;
The bread was poor or the meat was tough,
Or else he hadn't had half enough.
No matter how hard his wife would try
To please her husband with scornful eye
He'd look around and then with a scowl
At something or other begin to growl.

One day as I loitered along the street,
My old acquaintance I chanced to meet;
whose face was without the look of care
And the ugly frown that it used to wear.
"I may be mistaken, perhaps," I said,
As after saluting I turned my head;
"But it is, and isn't the Mr. Horner
Who lived so long on Grumble Corner!"

I met him the next day; and I met him
again,

In melting weather, and in pouring rain,
When stocks were up, and when stocks
were down,

But a smile somehow had replaced the frown
It puzzled me much, and so, one day,
I seized his hand in a friendly way,
And said, "Mr. Horner, I'd like to know
What has happened to change you so?"

He laughed a laugh that was good to hear,
For it told of a conscience calm and clear
And he said with none of the old time
drawl,

"Why I've changed my residence, that is
all!"

"Changed your residence?" "Yes," said
Mr. Horner

"It wasn't healthy on Grumble Corner,
And so I moved; 'twas a change complete,
And you'll find me now on Thanksgiving
Street."

Now every day as I move along
The streets so filled with busy throng,
I watch each face and can always tell
Where men and women and children dwell.
And many a discontented mourner
Is spending his days in Grumble Corner,
Sour and Sad, whom I long entreat
To take a house on Thanksgiving Street.

IS A.A. FOR YOU

"My name is Bill S., I am an alcoholic."

Picture if you will the type of man who would introduce himself this way, and you will probably be wrong. I would imagine that you have pictured a shabily dressed derelict of very seedy appearance who would be more at home on some 'skid row' than anywhere else. You could not be more wrong.

Actually the man who did introduce himself in this manner is one of many who come into this institution each month to address the inmate group of Alcoholics Anonymous. He is a well dressed and apparently successful man, the type you would naturally picture as being a leader in the community. As he speaks to the group, in a clear well modulated voice, evidence of education and sophistication are apparent and you realize that this man is a leader in the community. At this point you will probably ask what this type of man is doing in an institution such as this. The answer is simple. He is an alcoholic and the reason he is here is to tell the group about his alcoholic problem and how he has arrested this problem through the help of Alcoholics Anonymous.

As I have mentioned above, this man is only one of many who give of their time and at their own expense drive many miles to speak to inmates. They come to share their experiences, strength, and hope with us so that we may recover from alcoholism.

They tell of their experiences when they were drinking and of the things they did while under the influence of alcohol. They speak to alcoholics in a language easily understood by alcoholics because here are men who have experienced the same problems as we have.

They tell of their new found strength, the strength of fellowship, fellowship of alcoholics all having the same purpose.... to stay sober and to help other alcoholics achieve sobriety.

But more than anything else, they offer hope. Hope is the one commodity that is at a premium in this or any institution. But here are men who are living examples of what we can aspire to. They do not deal in theories or ideas. They speak candidly of facts. The fact that they were once deep in the depths of an 'alcoholic hell' and the fact that they are now sober, successful individuals.

When they say "Rarely have we seen a person fail who has thoroughly followed our path," they mean just exactly that. For years Alcoholics Anonymous has helped countless thousands and in so doing has discovered that of the people who really apply themselves, very few fail.

There are many different agencies and many different methods to which the alcoholic may turn for rehabilitation but here is one that can guarantee success, if you practice their principles in all your affairs. They offer undeniable proof.

If these men are living proof of what this program has to offer, and if what I have written here is the truth, and if this program is open to all inmates with an alcoholic problem you are probably wondering why there are not more inmates taking advantage of it.

Unfortunately this question cannot be answered. The facts are there for all to see, the rest is entirely up to the individual. If you feel that you have a problem with alcohol then I suggest that you investigate the possibilities of what this program can do for you. If alcohol, either directly or indirectly, had anything to do with your coming to the penitentiary then by all means you should inquire and take advantage of the A.A. program.

WHAT IS JUSTICE?

Recently two new prisoners arrived in different federal penitentiaries. Their offences were the same: dealing in narcotics. One was a pharmacist, a college graduate, and he had smuggled in more than one million dollars worth of heroin. He had a very good defence attorney, and he received a sentence of five years.

The other newly arrived federal prisoner was also a narcotic offender, an addict peddler, a person who probably never had over \$50. in his pocket at any one time. He was furnished a lawyer by the court, and he received a sentence of sixty years in prison...without eligibility for parole...and cannot be released until he is 97 years old.

U.S. PRISONERS SOON TO GET TRIP HOME

(AP) Trusted federal prisoners soon will be allowed to spend weekends with their families outside prison walls.

The unprecedented furloughs, Federal Prison Director Myrl E. Alexander said, "Will strengthen and maintain family ties"

Under a law enacted by Congress last year, nearly 100 minimum security prisoners left confinement for deathbed visits, funerals and prelease interviews.

"These men can now leave prison unescorted to visit the dying," Alexander said in an interview in which he disclosed the extension of the furlough plan. "But how much more important it is to strengthen their ties with the living."

He sees the furlough plan as a valuable treatment device that can make a major contribution to a man's preparation for the outside world."

Under the new regulations, he said, "prisoners will be given 48 hour passes to visit their wives, children, parents or other responsible members of the immediate family."

If the hometown is too far away to make such trips practicle, the prisoner will be allowed to meet relatives in a nearby community.

Except for staying within the limits of the area agreed on in advance...and, of course, staying out of trouble....there will be no restrictions on their activities with their families, Alexander said.

"They can have a meal in a restaurant, stay in a hotel, go to the movies, or go to church together," he said.

The privilage will not be extended to men convicted of violent crimes or those identified with "large-scale" organized crime activities.

Each prisoner will be limited to four such furloughs a year.

No government money is involved. Either the families of the prisoners will pay the expenses of the furlough, or the prisoners may draw on their accounts, accumulated through work in prison industries.

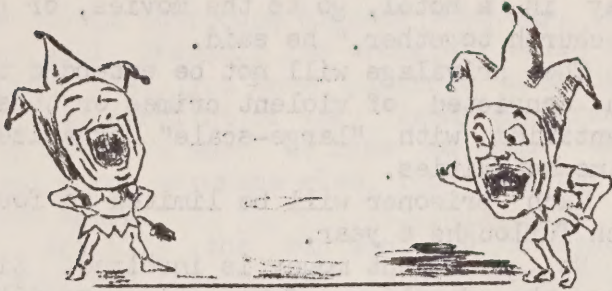

"RICH EX-CON WELL RECEIVED

Stephen Dennison got \$115,000 as compensation for serving 34 years in a New York prison for stealing five dollars worth of candy.

After news of his sudden wealth had reached the public, Dennison received a rash of proposals along with his notoriety. Many of them were marriage proposals from teenagers. Every day for six days one hundred letters were received by him. One of the letters contained a photo of a 54 year old woman in a bikini. A woman from Memphis, Tennessee called him three times long distance, and to kick it off, a thirty-four year old divorcee sent him a note which said:

"Marry me and you will never be sorry! Savings bonds, friends, thats where the money is going,

STOLEN HUMOR

The man's wife had died and his minister was trying to console and comfort him. "Be consoled, my brother, that there is another who knows your woe and would embrace you in the arms of unfailing love.

The bereaved looked up eagerly through his tears and asked, "Whats her name."

When a businessman returned from a convention in Florida, his wife began berating him. "I heard all about you," she said. "You were playing around the beach with a bunch of dizzy blondes."

"What did you expect a man of my age to do," the husband replied. "Play on the beach with a pail and shovel?"

STAGE HAND: "I hear you and the leading lady are on the outs."

ELECTRICIAN: "Yeah, it was one of those quick change scenes with the stage all dark. She asked for her tights and I thought she said lights."

Be thrifty when you are young and when you're old you'll be able to afford the things that only the young can enjoy.

"Just a trim," the teen-age boy told the barber. "You can even it up a little around the shoulders."

Ever notice how the girl who wears padding, false eyelashes, and wigs is the first to complain that there are no real men left nowadays.

The reason there are so many headaches is because pain strikes at the weakest place.

A man walked up to another man on the street and asked for \$1000. so he could get a shot of Vodka.

"A thousand dollars for a shot of Vodka?"

"Yeah, I want to buy it in Russia."

Sooner or later a man reaches his 'B' period. That is: Baldness, Bridgework, Bifocals and Bulge. ("Yeah, our Editor")

The two football devotees were discussing the fortunes of the Vancouver football team after they had just defeated Montreal.

"A real good team," remarked the first man. "Probably one of the finest teams Vancouver has had for some time."

"No wonder," replied the other man, "Vancouver has only two products, Football players and beautiful women."

"Yes, I know," replied the first man, "My wife is from Vancouver."

"Oh, is that so?" asked the friend, "What position did she play?"

The scene in the film was a tense one, and the audience sat enthralled. Suddenly the hero slapped the heroine on the face.

In the silence that followed, a young voice piped up, "Why doesn't she hit back like you do, Mommy?"

October 1966

Dear Canadian Foster Parents:

I write this letter to you to let you know that my family and I are well and hope you are all the same. We spent a very beautiful summer and I went to the beach 13 times. Have you gone to the seaside? Dear Foster Parents send your beautiful news, let me know how you are. Dear Foster Parents I received 12 glasses with creamy chocolate, it was very good and I ate it with joy. I received your monthly check of 5000 liras (\$8), I thank you for all you do for me. Many greetings from my family and kisses from your little

COMMITTEE ELECTED

October 12th - Superintendent J. M. West and Related Training Instructor B. A. Nowell conducted the Inmate Committee election today in the Recreation Center where all inmates were in attendance. A three man committee was voted upon from four nominations.

Voting results were as follows: Frank Burns - 49, Art Mundee - 44, Chuck Hake - 31, and Donald Smith - 20.

In a brief interview with the Inmate Committee after their interim meeting it was announced that Art Mundee had been made Chairman of the group and he was approached for information about the program decided upon.

It has been established by the new Committee that organization of card tournaments, chess tournaments, and soccer or touch football league is contemplated. The Committee also plans to organize a Variety Show and dart league.

The Chairman confirmed that a softball banquet will be held on either October 25 or 26th. News of committee action will be kept active and reports will be made as often as possible.

COMPLETE COURSES

Five inmates completed courses through correspondence recently in both academic and technical fields. The Nova Scotia Department of Education issued credit to L. Chaisson and R. LeBlanc for completing courses in mathematics.

Technical courses in Sarco Steam Trapping and Air Venting were completed by Phil Woods and Gordon Cowie.

After passing a test in Stellerton, N.S. Doug Barron was issued a license for 4th Class Engine Operator from the N.S. Department of Labor.

COMMITTEE FORMED

OCTOBER 12th - An inmate committee of 3 was formed today just after regular elections were held. This committee is to investigate the feasibility of changing our representative system into a six man council with a representative coming from each dormitory as opposed to the present system of a three man committee.

Nominated and named to the committee are Chairman Ralph Parks, with members Joe Rizzetto and Morris Horne. They are to look into all aspects of this problem and formally report their findings to the Superintendent. This is one of the most unique and progressive actions ever permitted in Canadian penal environments. A firm trust and mature understanding has been placed before the committee to help them try and improve the sports, recreation and entertainment programs through constructive organizational techniques.

There was a tremendous amount of enthusiasm generated when this proposal was made and this publication is very interested in seeing the results and conclusions drawn from the report.

LITTLE LEAGUE

The Amherst Little League presented an exhibition game between members of their four teams, September 18th, to a crowd of inmates well bundled to protect themselves from the 38 degree temperature. 35 boys and several sponsors and officials were on hand for the demonstration that came off in fine style.

The youths didn't seem to mind the cold weather one bit, but to some of us older types it was tough. Just the same the fine sportsmanship noted, plus the identifying antics of the kids with the Umps had the local viewers shouting encouragement

EXHIBITION BOXING

The inmates were again treated to an afternoon of boxing entertainment both in September and October. Members of the Bob Edgett Boys Clubs in Rexton and Sackville, New Brunswick were on hand to demonstrate their pugilistic abilities. The near capacity crowds were impressed by the progress of several of the youths and have begun to take a personal interest in following some records.

Special events were provided at the two events - one the blindfold fight where three boys entered the ring wearing the blindfolds and had one hand tied down. This fight had to be refereed by two inmates, namely Johnny Casey and Bert Jefferson, whom we believe took more of the punches than any of the fighters.....Then as it happens in these events - one of the boys got out of the ring and managed to lay a few overhand swings on Romeo LeBlanc and Jim MacDonald who were both sitting ringside. We never did find out who won the fight because everyone was enjoying the diverse action up to the bell.

During the October event we witnessed two exceptional demonstrations: one was a match between the Golden Gloves Light Welterweight Champ of the Maritimes - Wayne Martin and the Light Middleweight Champ (Golden Gloves) of the Maritimes Billy Laurette. This proved to be an exciting five round bout with lots of action and aspiring promise shown by each participant.

The second demonstration was a special Judo and karate exhibition given by 17 year-old Peter Laurette of Sackville. The youth demonstrated various conditioning exercises as well as stances, forms and kicks. The audience was very impressed by the demonstration and most felt they would never like to tangle with the youthful expert.

Our thanks are extended to the boys and Mr. Bob Edgett for bringing in the bouts as frequently as he has been able.

SOFTBALL WIND-UP

Summer softball was wrapped up this season with a slight collapse in the league structure. The original three team league couldn't be held together toward the end of the season because of a shortage of good ball players - whom we lose quite easily through release and parole. This left the Yankees, managed by Phil Woods and who won the pennant by an impressive 14 points over Freddy Boyle's Giants.

In order to stretch out the good weather days toward the end of August and early September and allow organized softball to remain in operation a play-off series of six out of eleven was instituted. The Giants made the impression during this series by taking it is 7 games.

During the regular league play a tight contest developed for the batting Championship where Rick Reagh (448) just won over D. Smith (446). The most home Run's award went to Freddy Boyle who had 21 for the season. Cecil Rogers received Pitching Honors with a record of 22 wins and 10 losses. Rookie of the year was voted to S. Dixon by league officials as well as the Most Valuable Player Award to Frank Burns.

There was a rather heavy changeover of League Officials through the season and the final standings were as follows:

LEAGUE STATISTICIAN - Ed Clinch

LEAGUE SCOREKEEPER - Roland Aubrey

CHIEF UMPIRE - Gordie Cowie

UMPIRES - Doug Smith, Basil Bryden, John McNeil, and Aubry Brown.

COMMISSIONER - John Vollmann

ROUGH RIDERS 10 - TIGER CATS 3

HOULAHAN
SCORES SIX

Big Mike Houlahan, center for the Rough Riders scored six goals in the first official league game played by D-side in this year's league play.

The Tiger Cats held the big centerman scoreless for the first period but Houlahan broke loose in the second period and scored four times. In the third period he picked up another two goals.

At the end of the first period the Tiger Cats led the Rough Riders with a score of 2 to 1. Cooke scored both of the Tiger Cats' goals in this period while Joe Steele picked up the lone Rough Rider goal.

In the second period Bonna opened up the scoring when he sunk the second goal of the game for the Rough Riders. This goal was quickly followed by four off the stick of Houlahan and one for the Tiger Cats by Bennett.

The Rough Riders took complete charge of the third period and held the Tiger Cats scoreless while they counted four more goals, two by Houlahan and one each by Bonna and Burke.

There were eighteen penalties called in this game and Mike Houlahan led in this category as well, picking up four for a total of eight minutes in the 'Sin-Bin'.

UNTOUCHABLES
DOWN
FLYERS

In the B-7 league the Untouchables opened their league by defeating the Flyers with a score of 5 to 4.

Billie Bowe opened the scoring in this game by sinking two quick ones early in the first period with Ovid Bastarache putting two more into the net for the Untouchables while the Flyers scored only once in the first period, with Burns getting their single goal.

In the second period the Flyers held the Untouchables scoreless while they managed to pick up one more goal off the stick of Albert Melanson.

The Flyers opened an early attack in the third and Johnny Nelligan got two goals to tie the game up until the closing minutes when Melanson slipped the winning goal in for the Untouchables.

This game had fourteen penalties called, the least number of any game played yet.

THROUGH THE SPORTSCOPE

On Saturday, October 22, the Dorchester Soccer League resumed play and on Mon. October 24, several of our senior citizens could be seen limping about the institution displaying various and sundry injuries. (Did you see "Old Man" Hibbert with the fat lip or JOE BURKE trying to keep up with the kids.)...LAURIE MacDONALD almost scored his first goal of the year, against his own team...It looks like OVID BASTARACHE will be the man to watch in the B-7 league, he is a good play-maker and proved he can score the goals when he is given the opportunity...."Johnny, you can't call the referee a clown, at least not until the game is over"...In the Old Dome league it looks like DANNIE ALLEN and BEN HEIGHTON are the 'Big Guns' in soccer but BO BO SILLIKER is in there kicking as well....In handball it seems as though the kitchen is well represented and the big man to beat on the courts is GEORGE GUTHRO though I believe that BREAU would probably give him a run for his money....And speaking about BREAU, I hear that he is crying because no one picked him up for floor hockey...."Ted, if you and Ace would like to drop into the gym some night I am sure we could arrange some bridge lessons. ...Floor hockey is rolling once again and the action is fast and furious as each player strives to establish a reputation. ...By looking at the results of the first games played it looks like we are going to see some outstanding hockey in the near future...The first game produced 15 penalties and two players accounted for eight of them..."Now Roy, you and Frankie will have to behave yourselves or you will get the 'BEACON BAD BOY AWARD'.....STEVE PEBLES started the season off with a bang, he scored three big ones in his first game

of the season....Of course when we write about floor hockey we have to include the officials as well. Sam Sampson is bossing the referees and it looks like he has an able crew with GUTHRO, JACKSON, KELLY, BREAU, PINEAU, POIREIER, MacDONALD, and GREGARY....JIMMY 'The Baker' PELLOW is occupying the scorekeepers seat, (We knew he would find some kind of a job where he could sit down.)...In the Old Dome Floor-hockey League it looks like 'Big Mike' HOULAHAN is going to be the 'Big Gun', he fired a very impressive eight goals and two assists in his first game of the year,It is interesting to note that BURKE assisted on four of Houlahan's goals, it looks as if Joe will be the play maker on that line....Of course I will have to mention 'BAD BOY BENNETT', Charley is too fat to consider the scoring championship and he certainly will NOT be picked as 'Gentleman of the Year'...And did you hear about JACKSON giving that man a two minute penalty for "CONSPIRACY TO COMMIT A PENALTY," Henry didn't like the look in the poor guy's eye...And speaking about eyes, be careful, the 'EYE' may be watching YOU.

WHAT THE EXPERTS SAY

IN REPLY TO THE QUESTION: WHO DO YOU THINK WILL WIN THE STANLEY CUP IN 1967? WE RECEIVED THE FOLLOWING ANSWERS FROM OUR LOCAL SPORTSCASTERS.

GEORGE GOUTHRO: "I guess I will have to go with Montreal even though they are not my favorite. I predict that they will play off with Chicago and win the cup. In fact I am so sure of this, if I am wrong I will eat this page."

HERB ISNOR: "I guess I will have to go along with George and if I am wrong I will eat whatever George leaves."

STEWART BRIAU: "I don't know anything about Stanley's cup but if he stole it from the kitchen, he better get it back before Mr. Watkins finds out about it."

MARTY 'CHINK' MARTELL: "Montreal will win the cup this year, I can't see any of the other teams in the N.H.L. beating the Canadians."

ERNE MORRISON: "The Canadians of course."

BILLIE BOWE: "The Hawks are going to take the cup this year. They will play off with Montreal."

EDITOR: "Well it seems that the majority of our experts are going with Montreal and Billie Bowe was the first to go with any other club, lots of luck bill."

TED MacDONALD: "I'm going with Boston and I predict that they will play off with Montreal and beat them four straight."

JOE BURKE: "Boston is my team and I predict that they will finish in first place and play off with Montreal. They will beat Montreal in four straight, this is their year."

MIKE HOULAHAN: "I'll have to go with Montreal."

NEWS SINNERS WIN OVER TIGER'S

The Dorchester Soccer League resumed league play on October 22, and all teams had trouble filling their rosters. One team in the B-7 league had to be dropped and the Old Dome League was discontinued completely.

The B-7 league managed to field two teams and these two teams are the only ones left playing official league games.

In the first game played since the reorganization of the soccer league the Sinners downed the Tigers by a score of 2 to 0.

This was one of the closest games of the year and brought together two very evenly matched teams.

There were no goals scored in the first half of the game as Robinson, the goalie for the Tigers played a magnificent game, stopping many shots on goal.

Early in the second half Bastarache scored on a pass from Hibbert to move the Sinners ahead 1 to 0. In the closing minutes of the game Hibbert was awarded a penalty shot and scored, making the score 2 to 0 for the Sinners.

Both teams played with one man short for the entire game and there were no substitutions. Officials for the game were: Tommy Younge and Billie Bowe.

SPEED KINGS

WIN-OVER

B.D.R.'s - 9 - 4

In the first official league game for D-side the Speed Kings downed the B.D.R.'s 9 to 4 with Silliker sinking four of the Speed Kings' goals.

Silliker opened the scoring in the first period with two goals, the only ones scored in this period.

The B.D.R.'s went ahead in the second period with four goals while the Speed Kings scored only one. Scoring for the B.D.R.'s in the second were: Smith, Allen Duplessi and Gallant, all with singles while Larkin scored the lone Speed King goal.

Silliker opened up again in the third and the Speed Kings took over and scored six while the B.D.R.'s remained scoreless. Scoring for the Speed Kings were: Silliker 4, Stanford 2, and Larkin, Boutilier and McIssac each with singles.

There were nineteen penalties called in this game.

RED WINGS

EDGE

FALCONS

In what was probably the roughest game played this year the B-7 Red Wings beat the Falcons 4 to 3.

Sonny Durning opened the scoring in the first period with two goals for the Falcons. Robinson, the goalie for the Falcons stopped shot after shot by the Red Wings in this period and held them scoreless until the whistle.

Steve Peebles applied the pressure in the second period and scored the only three goals scored. Once again Robinson stopped many shots that normally would have been goals and the second period end-

ed with a score of 3 to 2 for the Red Wings.

Jake Chaisson scored the winning goal early in the third and David Pace scored one more for the Falcons shortly after but the Falcons were unable to sink a tying goal in the remaining eighteen minutes of the game.

There were twenty-five penalties called in this game as both teams played very rough.

OFFICIALS

TO PICK

'STARS'

Floor Hockey League officials started on Nov. 2, to pick individual stars in each league game played. The officials will pick three stars from each game, the same practice as used in the N.H.L.

Picking the 'Stars' will be done by three of the officials, the official scorekeeper, the announcer and a referee.

Because there were no stars picked for the games in the Old Dome league we have not listed those picked for the B-7 league
